

# Our Touch. Your Heaven!

TOHch of Heaven Services offers a variety of services to our clients, all aimed at keeping their facilities clean and compliant with OSHA regulations. TOH Services is responsible for cleaning and maintaining a wide variety of commercial properties, from office buildings to schools and medical facilities. In addition to regular janitorial cleaning tasks such as dusting, mopping, and vacuuming, service technicians also handle special projects like disinfectant services, deep-cleaning carpets and upholstery, floor care, cleaning windows, painting, landscaping, and power washing exteriors.

In addition, TOH Services ensures that all Service Techs and Contracting Partners have gone through our 4 Step Verification Process to review and ensure that they are following all applicable laws and work practices. We provide our clients with notification updates of our tracking system, to help our clients monitor the quality of their janitorial services. We offer a high-quality, Quality Control System to measure your cleaning levels and image, to ensure that cleaning standards are met. TOH Services can also help with supply management by keeping track of inventory and ordering supplies as needed. By offering these various services, TOH Services is a one-source solution company that can help free up your time for other leisure or work-related activities!
